# POL ST CALIFORNIA

## Introduction to the POLST Form

POLST is a physician order that gives patients more control over their end-of-life care. Produced on a distinctive bright pink form and signed by both the physician and patient, POLST specifies the types of medical treatment that a patient wishes to receive towards the end of life.

In order to maintain continuity throughout California, please follow these printing instructions:

### \*\*\* Copy or print POLST form on 65# Cover Pulsar Pink card stock. \*\*\*

Wausau Pulsar Pink card stock is available online and at some office supply stores. Pulsar pink paper is used to distinguish the form from other forms in the patient's record; however, the form will be honored on any color paper. Faxed copies and photocopies are also valid POLST forms.

POLST forms and Pulsar Pink paper may be purchased in bulk from Med-Pass, <u>www.med-pass.com</u>.

For questions, email <u>info@finalchoices.org</u> or call (916) 489-2222. To learn more about POLST, visit <u>www.caPOLST.org</u>.

# **Directions for Health Care Professional**

#### Completing POLST

- Must be completed by health care professional based on patient preferences and medical indications.
- POLST must be signed by a physician and the patient/decisionmaker to be valid. Verbal orders are acceptable with follow-up signature by physician in accordance with facility/community policy.
- Certain medical conditions or medical treatments may prohibit a person from residing in a residential care facility for the elderly.
- Use of original form is strongly encouraged. Photocopies and FAXes of signed POLST forms are legal and valid.

#### Using POLST

• Any incomplete section of POLST implies full treatment for that section.

#### Section A:

 No defibrillator (including automated external defibrillators) should be used on a person who has chosen "Do Not Attempt Resuscitation."

#### Section B:

- When comfort cannot be achieved in the current setting, the person, including someone with "Comfort Measures Only," should be transferred to a setting able to provide comfort (e.g., treatment of a hip fracture).
- IV medication to enhance comfort may be appropriate for a person who has chosen "Comfort Measures Only."
- Non-invasive positive airway pressure includes continuous positive airway pressure (CPAP), bi-level positive airway pressure (BiPAP), and bag valve mask (BVM) assisted respirations.
- Treatment of dehydration prolongs life. A person who desires IV fluids should indicate "Limited Interventions" or "Full Treatment."

#### **Reviewing POLST**

It is recommended that POLST be reviewed periodically. Review is recommended when:

- The person is transferred from one care setting or care level to another, or
- There is a substantial change in the person's health status, or
- The person's treatment preferences change.

#### Modifying and Voiding POLST

- A person with capacity can, at any time, void the POLST form or change his/her mind about his/her treatment preferences by executing a verbal or written advance directive or a new POLST form.
- To void POLST, draw a line through Sections A through D and write "VOID" in large letters. Sign and date this line.
- A health care decisionmaker may request to modify the orders based on the known desires of the individual or, if unknown, the individual's best interests.

This form is approved by the California Emergency Medical Services Authority in cooperation with the statewide POLST Task Force.

For more information or a copy of the form, visit **www.capolst.org**.
